Make the right choice with Olympia

> Apply what you learn and gain effective communication and presentation skills

By: (Tue, 11 Jan 2011)

HIGHER education costs a great deal of time, money and effort. As a big investment, it is important to evaluate your course and college options. A critical decision will be choosing the field of study. Ask yourself whether you will be happy with the chosen course and whether you look forward to a career connected to it.

You should also evaluate if you have the personality and traits for the field.

Olympia College acknowledges the need to produce high quality graduates and play a role in producing resourceful, intelligent, creative thinking as well as industry relevant graduates.

Here are some of its popular courses:

The Diploma in Business Studies programme will equip students with the professional skills required by multi-national corporations.

Olympia also offers the management oriented Diploma in Business Management programme which was developed in consultation with CEOs, senior managers and the Malaysian Qualifications Agency (MQA) to help meet the demand for competent middle managers in the industry.

Graduates of the Diploma in Business Management/Business Studies programmes will also be recognised for exemptions, and upon completion of an integrated project, will be awarded the prestigious Higher National Diploma (HND) from Edexcel, UK.

The HND guarantees entry into the final year of an under-graduate degree programme at over 40 universities in the UK, USA and Australia. Students who want European exposure can complete their degree at the University of Information Technology and Management in Poland at an affordable fee.

Olympia's Diploma in Hotel Management programme is highly sought after for those interested in a hotel career. It was developed with the assistance of partner institutions and the MQA to meet the demands of the hotel industry.

Olympia is a member of the prestigious Malaysian Association of Hotels (MAH). Graduates from the diploma programme will receive, subject to terms and conditions, an additional diploma from the Business and Hotel Management School, Switzerland (BHMS) and the prestigious higher national diploma from Edexcel UK on completion of an integrated project, paving the way to the final year of the Bachelor of Arts in Hotel and Hospitality Management programme at BHMS (six months study, six months work) or other universities in the UK, USA, Italy and Australia.

Olympia's Diploma in Information Technology (DIT) programme has been designed to meet the increasing demand for IT specialists.

The programme has gone through the rigours of the validation exercises of several UK and European universities and has been

Graduates at Raffles Education Group's recent graduation ceremony at the Palace of the Golden Horses Hotel.

acknowledged to meet international standards. Full PTPTN loans are available, subject to conditions.

The programme allows entry into the second year of degree programmes at local universities, or at UITM, Poland at an affordable fee.

Olympia offers Master's and undergraduate degree programmes, the Higher National Diploma (UK), diploma as well as certificate programmes. It has affiliations or partnerships with Edexcel International, Schiller International University, American Management Association, BHMS and UITM, Poland.

Visit any Olympia centre or call 03-2050 3688 (KL), 03-7770 5555 (PJ), 04-228 6898 (Penang), 07-223 3868 (Johor Baru), 09-517 7868 (Kuantan) or 05-243 3868 (Ipoh). Email: raffles@olympia.edu.my, or visit www.olympia.edu.my
