UiTM asked to probe fondled claim by student

KUALA LUMPUR: The Universiti Teknologi Mara Alumni Association (PAUiTM) today asked UiTM to investigate an allegation that a lecturer had fondled a female student in his office at the Arau campus in Perlis.

PAUiTM president Datuk Zaini Hassan said in a statement that the association was deeply concerned by the allegation and wanted the UiTM management to undertake a thorough internal probe.

The 20-year-old student is said to have lodged a police report last week claiming that the incident took place when she was with two other female students in the office of the 40-year-old lecturer for a revision of lessons.

“UiTM is respected not only for producing professionals but also for emphasising character education in accordance with our ethics and culture,” said Zaini.
