Johor FA’s decision to strip On Jabbar of his duties as Johor Premier League team manager and fine him RM25,000 for punching referee Sukri Rahim is not enough.

Sports Minister Khairy Jamaludin wants to see tougher action over the incident which happened last Friday in Pasir Gudang after Johor drew 2-2 with Universiti Teknologi Mara.

“FAM (FA of Malaysia) has to take action,” said Khairy after closing the National Football Development Programme Coaching Symposium in Seri Kembangan yesterday.

“No matter what dissatisfaction you are feeling, this incident has no place in football. The punishment must fit the offence and it must be heavy to avoid a repeat of the incident.”

Earlier this week, Johor FA fined On and stripped him of his position as team manager but kept him on as an FA executive committee member.

FAM has received a video recording of the incident, which was caught on camera by TV9 and it shows On landing a punch to Sukri’s left cheek.

Sukri, who has lodged a police report, is then seen leaving the pitch with a bruise while On had to be restrained by a police official from having another go at the referee.

FAM is expected to charge the offending parties next week. By Devinder Singh
